Pure Democracy and White Supremacy.

CLINTON, N. C., THURSDAY, JULY 21, 1892.

No. 41.

To communicate with about ten thousand of the best country people in this section of North Carolina then do it through the columns of THE CAUCASIAN. No other paper in the Third Congressional District has as large a circulation.

"The national committee has never been properly organized on our side. The organization has never been broad enough for the work. One man has always undertaken too much. Senator Gorman in 1884 and Senator Brice in 1888 did each the work of a dozen men. As the day of election approaches the work becomes overwhelming and necessarily gets neglected. This year it ought to be different. I am ready to take my share, but, unfortunately, I have to work in my own way in order to be of any service. I know my limitations and short-comings better

to coin more silver. I answer, not because free coinage would swell the volume of circulation to a torrential flood, as some of the advocates of gold pretend to believe. The capacity of the mines of the earth is not sufficient to alarm any one who is devoted to the best financial interests of the people. The great and controlling reason for the free coinage of silver is to enable the Government to form a solid metal-money basis sufficiently broad upon which to rear a superstructure of paper currency convertible into coin on demand, and adequate to

WHAT WE NEED,

1. Some financial legislation.
2. A reduction of the tariff on the necessities of life.
3. A defeat of that party, whose candidate for the Presidency openly and continually advocates a Force bill.

These three things must be accomplished, or the future of our country will be worse than the present.

admit that the iniquitous protection tariff has brought about the present depressed state of agriculture, stripping the poor of three-fourths of their natural savings, and concentrating a majority of the wealth of the country in the hands of infinitesimally small part of the people, composed of manufacturers, and pools and combines, a repeal alone of this unjust enactment would not relieve the people of their distress. It would not lift a single mortgage. The only thing needed in the present financial condition of the people, is a debt-paying system of finance,

can we arrive at a satisfactory solution to the subject. There is present sufficient of governments looting money to the citizen without security, and thus established the power to loot, which indeed all sufficient. The kind of security does not enter into the case—the government can select what it considers ample and best calculation to relieve the wants of the poor. The convention yesterday paid a just tribute to the services of Hon. R. F. Grady by re-nominating him for Congress by acclamation. He will be re-elected by a good majority.

We have been asked frequently how we thought this county stood on national politics. It is our opinion that Cleveland will not get over one-third of the white votes of Sampson county. And when the vote comes in from all over the State many an old fossil and machine politician will be dum-founded.

The Jesse James band has played out but their style of getting rich is still practiced in the wild West. Last week Missouri, Kansas and Texas passenger train was halted and robbed at Adair station, Indian territory. The desperadoes who committed the crime are the Dalton brothers, and this time they got \$50,000.

Judge Shipman of the United States Circuit Court has handed down an opinion denying the motion for a new trial made by R. G. Dun & Co. of New York in the case of the bank of Birmingham, Ala., against the mercantile agency of Dun & Co. The suit was to recover the losses sustained by the bank through a report received from the agency as to the standing of W. A. Kitts of Oswego. The bank gave Kitts credit on Dun's report. The court holds that the agency is responsible for the result of the report of its agent.

The great business interests of the country demanded the nomination of Cleveland. He was nominated against the protest of the South and the West. When will the protest of the South and West be heard? When they have the independence and manhood to condemn the dictates of New England plutocracy (falsely called Democracy). Sampson county will commence at home and do her duty. North Carolina will do the same. When the country finds out that North Carolina knows what she wants and has the courage to vote for her interests, then the country will listen with more defense to our demands.

The line of fight between the people and plutocracy is being drawn closer and plainer every day. Certain newspapers no longer advocate the measures that will benefit their people and State. Certain newspapers are now congratulating the country (the monopolies) upon the defeat of silver, when the great mass of the people around these papers are almost solidly for it. These papers could trifle with and fool the people until the people began to study their needs for themselves, to learn their rights and demand them. We would like to know which papers down South got the \$400,000 that was sent down here to convince the newspapers, and they to the people that a man opposed to free coinage of silver should be nominated for President. If there is any paper that thinks we refer to it, of course it can make a denial.

It is practically settled that Secretary of State Wm. F. Harris, of Pennsylvania, will be elected chairman of the Democratic National committee.

Political unrest and dissatisfaction have not been confined to this side of the Atlantic. In the recent British elections the liberals and coalitionists gained a sweeping victory. This means a victory for the Home rule theory, the exit of Minister Salisbury and the return to the head of public affairs of Mr. Gladstone. The countless admirers of the grand old statesman all over the world rejoice in his splendid triumph, and of the noble cause which he has so long and faithfully advocated. This honor is a becoming testimonial of confidence and regard, a fitting crown bestowed by a loyal and intelligent people upon their greatest statesman since the time of Pitt in the evening of his long and useful life.

The Clinton Cleveland-Carr Club changed its test at its last meeting. They now say that only those who endorse the State and National platforms, and who will not vote for any other candidate than the nominee of the party can take part in primaries, etc. We suppose the Club intends to forgive those who have violated the above rule in the past. In fact many members of the Club are repenting themselves. As far as the National platform is concerned any one can endorse it, if he is allowed to interpret its straddles and generalities into something positive. The majority of that platform means something or the opposite or nothing according to the interpretation each may put upon it. But the Club has no power to make tests. This is a time when the people will rule, and the few will not be able to dictate.

MACHINE POLITICS.

The Shelby Aurora has a very wise, conservative, and timely article on "machine politics," which will apply to many sections of the State. The truth and logic of the editorial at once presents itself to every thinking and observing man. We reproduce the editorial in full:

"There is too much machine politics in some sections. The machine, run by a dozen designing politicians, drives off good Democrats and helps to recruit the ranks of the People's party. The machine has men ever ready for tricks and stratagem to accomplish their designs and to nominate their favorite, regardless of the wishes of the majority. They are ready with a chairman who is to appoint a committee 'out and dried' to override the wishes of the majority. These dozen machine politicians claim the exclusive right to nominate the candidates and dictate the sentiment of the people. They bob up at the first chance with a motion or resolution, while others are silent and wish the majority to rule. The machine is for self, regardless of the party and is not wise enough to see that honest men scorn their tricks and refuse to be led by these upstarts and idlers, who claim 'we are the party,' 'we only are right.' If citizens kick against their machine methods, they will sit on the street corners, whistle dry goods boxes and doubt other people's loyalty to party. You will find too much machine in many sections and counties in all parties.

"If an editor dares to denounce their unjust and ring rule methods, these young Solomons with a strut will say 'that editor is not true to his party,' 'he is on the fence' and other such false statements, for the machine thinks it alone is right and the people have no sense. Let the machine, so odious to the people in town and country, learn more wisdom, cease to be chairman and committee on every occasion and take back seats for a season. Some men by their methods have become odious to the people, yet they have not sense enough to see it.

"If you want to kill a measure or defeat a candidate, let certain machine politicians advocate that measure or nominate that man, then his defeat is certain. Whether this is right or wrong, will not stop to argue, but it is true. Let the people have other and wiser leaders, and let these omnipotent committee and delegates be silent in the future. The procession will not be led by the machine, the people will revolt wisely or unwisely. Let all parties heed this warning, given 'more in sorrow than in anger,' and crush the machine demagogue. These remarks are appropriate to all parties."

DR. KINGSBURY SUGGESTS

That the Democrats Join with the "Black and Tan Party" to Defeat Reform.

[From Wilmington Messenger, June 28th.]
It may come to pass yet that the Democrats and Republicans may have to get together to save the country from the rule and ruin party of impracticable. It may yet become a necessity that the two old parties shall lock shields in opposition to financial cranks and revolutionists who seem bent on destroying the Republic. When the Government is threatened to be transformed into a regular huge pawn-broker's shop and into a Strong Government despotism it is high time for the PATRIOTS of the country to combine for its salvation.

HOW THEY VOTED.

For principle or party policy, both parties in the House went on record last week on the free coinage silver bill, which had passed the Senate. A large majority of the Democrats in the House of Representatives voted in favor of silver. The affirmative Democratic vote was 118, and the negative 94. The Republicans, on the other hand, cast a large majority of their votes in the negative—namely, 60—and only 8 in the affirmative. Ten Alliance men voted with the Democrats.

THREE BILLS.

Senator Peffer has introduced a bill in Congress to demonetize gold. Both of the great political parties declare that gold and silver should be upon a parity. Now, since Congress has refused to demonetize silver, the only consistent thing left is to demonetize gold. The bill should pass.

Senator Stewart has introduced a bill to reduce the salaries of government officers twenty-five per cent. He says that the government employees are opposed to the free coinage of silver, hoping to increase the purchasing power of the dollar by the gold standard. He says that if they oppose an honest currency that their wages should be reduced.

Senator Morgan has introduced a bill to make all money a legal tender irrespective of any contract stipulations. This would force the bondholder to take his interest in any money tendered. He now demands gold and will have nothing but gold.

"ABUNDANT CURRENCY."

Under the above heading the Wilmington Messenger publishes the following editorial:

"Money is very abundant in the North. There is an actual plethora in all the large cities. It is a positive drug in the market. It is impossible to obtain remunerative interest. The foreign banks are unusually well supplied with funds. There is no need surely of more currency. There is a greater average per capita by some \$2 in this country now than there was a year ago. So there is no special need of more currency when it is so abundant and you can not obtain even legal interest for it. There will be great crops perhaps this year, and prices may run low, but it will not be because there is not enough money for the general uses of the country."

What do the people think of a paper that will publish such stuff? Even if there was enough money, the editor does not take into consideration a just distribution. It is charitable to say that the editor of the Messenger does not know the a. b. c. of finance. There are a thousand farmers in Sampson who know better.

DEMOCRATIC PLATFORM.

The following platform was unanimously and enthusiastically adopted.

Resolved, 1. That the Democracy of North Carolina reaffirm the principles of the Democratic party, both State and National, and particularly favor the free coinage of silver and an increase of the currency, and the repeal of the internal revenue system. And we denounce the McKinley tariff bill as unjust to the consumers of the country, and leading to the formation of trusts, combines and monopolies which have oppressed the people; and especially do we denounce the unnecessary and burdensome increase in the tax on cotton ties and on tin, so largely used by the poorer portion of the people.

2. That we likewise denounce the iniquitous Force bill, which is not yet abandoned by the Republican party, but is being urged as a measure to be adopted as soon as they regain control of the House of Representatives, the purpose and effect of which measure will be to establish a second period of reconstruction in the Southern States, to subvert the liberties of our people and to inflame a new race antagonism and sectional animosities.

3. That we demand financial reform, and the enactment of laws that will remove the burdens of people relative to the existing agricultural depression, and do full and ample justice to the farmers and laborers of our country.

4. That we demand the abolition of national banks, and the substitution of legal tender Treasury notes in lieu of national bank notes, issued in sufficient volume to do the business of the country on a cash system, regulating the amount needed on a per capita basis as the business interests of the country expand, and that all money issued by the government shall be legal tender in payment of all debts, both public and private.

5. That we demand that Congress shall pass such laws as shall effectually prevent the dealing in futures of all agricultural and mechanical productions; providing such stringent system of procedure in trials as shall secure prompt conviction and imposing such penalties as shall secure most perfect compliance with the law.

6. That we demand the free and unlimited coinage of silver.

7. That we demand the passage of laws prohibiting the alien ownership of land, and that Congress take early steps to devise some plan to obtain all lands now owned by alien and foreign syndicates; and that all lands now held by railroads and other corporations, in excess of such as is actually used and needed by them, be reclaimed by the government and held for actual settlers only.

8. Believing in the doctrine of "equal rights to all and special privileges to none," we demand that taxation, National or State, shall not be used to build up one interest or class at the expense of another. We believe that the money of the country should be kept as much as possible in the hands of the people, and hence we demand that all revenue, National, State or County, shall be limited to the necessary expenses of the government economically and honestly administered.

9. That Congress issue a sufficient amount of fractional paper currency to facilitate the exchange through the medium of the United States mail.

10. That the General Assembly pass such laws as will make the public school system more effective than the blessings of education may be extended to all the people of the State alike.

Resolved, That we favor a graduated tax on incomes.

WHERE HE STANDS.

[Continued from first page.]

daily bread can oppose the principles involved in this plan. The very fact of the intense hatred which the monopolist and their hirelings throughout the country bear not only to the bill but its authors, should convince not only the laboring man that its passage would produce not only a radical change, but that that change would most probably operate to his benefit, since it is so bitterly opposed by the ultra-moneyed classes.

The ballot with which this man is armed is a terrible engine of destruction as well as the only hope which, at the present time, makes life worth living. In the hands of the ignorant, the lives of the liberties of the citizens are endangered; but in the hands of the enlightened, it is the destroyer of oligarchy, the preserver and bulwark of our freedom, and the nation's peace and happiness. Until a larger element in a republic is honest and enlightened, it is a republic only in name. Men who have no honor to uphold, are entrusted with the power and responsibilities of the most dignified offices. They have nothing to recommend them save their worldly possessions. These they have wrung from the producer, and these they lavishly expend in the passage of laws which still further arm them with the power of binding the laborer hand and foot. Matters grow from bad to worse, and at last we wake to realize that the monster we have created is oligarchy! oligarchy in its most terrible form.

Our law-makers for years past have been losing sight of the main point, which is, that a republic is a form of government wherein the laws are made looking to the welfare of a majority of its citizens. If this be true, there is one government inapplicable called a republic.

Since the very foundation of society it has been the province of the bread eaters to solve the political problems of the day. It seems, however, that they are now powerless in the face of the complications growing out of their inefficiency. That prerogative now falls to you, the bread-winners, in whose tact, judgment and moderation I have the most implicit confidence.

In the light of the above sentiments the nomination of Mr. Carr interprets the platform of the State Convention: (1.) By making the tariff plank more specific. (2.) By demanding present relief through the Sub-Treasury PLAN, and by means of the Sub-Treasury BILL. (3.) By adding a transportation plank, demanding government control and ownership, if necessary to control.

Holding these views, certainly every Allianceman can and should vote for him.

M. D. Lane, Devereaux, Ga., writes: "On summer several years ago, while residing in Mississippi, I became badly affected with malarial blood poison that impaired my health for more than two years. Several offensive ulcers appeared on my legs, and nothing seemed to give permanent relief until I took six bottles of B. B. B., which cured me entirely."

—THE CAUCASIAN is the best advertising medium in this section. Why? Because it has the largest circulation and among the very best classes of our people.

—We are sorry that we have been unable to publish Rev. Thomas Dixon's sermons for the past few weeks. We hope, however, soon to resume their publication.

—Rev. Dr. Edw. Wooten will hold divine service at St. Paul's Episcopal church on Sunday, July 31st, at 11 A. M. and 8 P. M. Holy Communion at the morning service.

—There has been a large increase in the membership of the Alliance of this county. The increase shown by the reports from the lodges to the county meeting was larger than we had expected.

—Those wishing to pay their subscriptions may do so in coin and meat at the market prices. We make this offer to help those who wish to pay for their paper, and to give them no excuse for not paying.

Quite a number of young people were present, and without exception, enjoyed the evening most heartily. The music was so good that a few could not resist its powers and were almost involuntarily drawn into an occasional waltz, quadrille, or other dance.

Harnett County.

The Dunn Times says: "On last Saturday there were more than 300 bushels of country corn on our streets during the day. To see our farmers selling so much corn this late in the summer speaks well for them in this section."

Please Come.

Please come in and pay what you owe THE CAUCASIAN. We need it. What each individual subscriber owes is small in itself, but the aggregate is very large to us. THE CAUCASIAN will be lively this campaign. You should keep up with it.

Of Importance to Young Men.

County Superintendent Isham Royal will hold an examination of applicants for admission as pay students to the A. and M. College, on Saturday, July 23d. The examination will be in the Court-house in Clinton. This is of importance to young men who intend entering this fall, as the satisfactory passing of this examination will be accepted in lieu of examination in Raleigh. There is yet no vacancy of free scholarships from this county, but expenses at this institution are exceedingly low.

The women praise P. P. P. for Scrofula, General Weakness and Nervousness, Indigestion, Rheumatism, and Female Complaints. Try the great and powerful P. P. P., and then recommend it to your neighbors, and you will know you have done a good deed.

From Sampson Circuit.

The Missionary Mass meeting at Hall's church on the 6th instant, was a grand success. Rev. F. D. Swindell, D. D., and Rev. J. T. Gibbs, D. D., delivered two very able addresses the delight of every one present. Our congregation was large, about as many as the house would hold, and would have been much larger had not the rain poured down nearly all day. After the addresses and a bountiful dinner a collection was taken for Missions amounting in cash and subscription to \$50. Revs. P. Greening, J. F. Urey, Gary Culbreth, Owen Spell and T. B. Hall were present and participated in the exercises.—A. J. Parker, in Raleigh Christian Advocate.

THE FAT MEN'S PROGRAM.

They Leave for Wrightsville on Tuesday, July the 26th.

The fat men of Sampson have arranged to leave Clinton on the morning of the 26th instant, on the 8:20 train. They go in a special car and round trip tickets will cost \$2.45. Arrangements have been made with the Sampson Light Infantry for meals at the entire stay, which will make the actual cost of the trip \$3.45. It is desired that all who intend going will meet at the Courthouse in Clinton at 7:30 o'clock on the morning of the 26th. Sampson can show up a pretty good crowd of men who will tip the balance at 200 and over, and it is expected that not less than thirty will go down and enjoy the cooling ocean breeze.

Pic-Nic.

A number of young people of Clinton and vicinity and Paison picked out last Wednesday at Marable's Mill, in Turkey township. The day was charming and every thing passed off as pleasantly as could have been wished. The modes of enjoyment were varied including boat-riding, fishing, driving, and lousing in groups and pairs under the grand old oaks of the grove. Owing to a misunderstanding as to the date very few people of the neighborhood were out. It seems that Thursday was the day first set for the occasion, but on account of the meeting of the County Alliance at that time it became necessary to change it to Wednesday and word did not reach many persons in time. This was very much regretted. The dinner was abundant and as tempting as any epicure could wish for. All in all, it was a picnic enjoyed above the average.

True as Preaching.

The Greensboro Record could have scarcely made it more pointed when it states that the effort of any newspaper to build up a town is principally nullified unless backed up by the business men of the town. A stranger turns from the news column of a paper to its advertising business, and if he fails to find there the names of the merchants and professional firms, he comes to the conclusion that the editor is not appreciated, in which case its good place to keep clear from. No town ever grew without the active assistance of its papers. Nor can papers grow and build up their localities without the assistance of the town. Business men should realize this and remember that in lending support to their local paper they are not only helping to build up their own business, but are helping to support that which is steadily working for the growth of the whole town.—Argonaut.

The Veterans to Encamp.

Dr. R. Holliday, commander of Sampson Camp No. 137 of United Confederate Veterans, has received the annual report and general orders of the body. Sampson camp is the oldest organization of its kind in the State and now numbers ninety members. It is hoped that the entire body can go down to Wrightsville just after the encampment of the State Guard and have a general good time. Commander Holliday asks us to say that all Sampson Veterans are cordially invited to go along. It will be necessary for each man to provide himself with three days rations and a blanket. Those who desire to go should see Dr. Holliday at once in order that the necessary arrangements may be made. The date of the encampment will be announced in THE CAUCASIAN as soon as decided upon. This will be a pleasant trip for the veterans, and it will be interesting for them to meet as a body on peace and pleasure bent and "fight their battles out" by the charming sea-side.

P. S. Since the above was in type, the date has been fixed, August 10th. See Order No. 2, from Adjutant General Hall in another column.

Good Education at Low Prices.

Many parents are thinking about sending their sons off to school next fall, and there are many young men who are making plans for their education. The question they are trying to decide is, "which is the best school to attend?" They want the best advantages, but they want to secure these advantages at lowest prices possible. Davis School, at Winston-Salem, N. C., is a Military College, has a large Faculty of able professors, offers a full course of study, and for those not prepared for the college classes there is a complete Preparatory Course. The rates are very low. The location is famous for beauty and health. The past session was the most prosperous in the history of the institution. There were cadets from many sections of the United States.

Dr. A. T. Holmes Dead.

Mr. Allman T. Holmes, died at the residence of his father, Dr. A. Holmes, in this town, on last Tuesday evening, July 19th. Mr. Holmes had been in delicate health for some time. Bronchitis was the immediate cause of his death. He was aged about 27 years. He was highly esteemed, and the family have the sympathy of the community. The funeral will take place this morning at 10 o'clock. Rev. Mr. Wooten, of Wilmington, will conduct the services.

GRADY RE-NOMINATED

FOR CONGRESS BY ACCLAMATION.

The Convention Divided on Electors for President.

A CONTEST OVER ONSLOW—A GOOD PLATFORM ADOPTED.

The Democratic Convention for the Third Congressional District met in this place yesterday. There was not a full attendance. Moore had only one delegate, Jones only two, Craven only three. The other counties had fuller delegations. At a meeting of the Executive Committee for the District, Dr. Cyrus Thompson resigned. Mr. Z. W. Whitehead was elected in his stead.

At 12:10 P. M. Chairman Whitehead called the Convention to order. On motion, Messrs. D. B. Nicholson, and W. S. Cook were made temporary Secretaries. The Chairman called for nominations on committees on Credentials, on Permanent Organization, and on Platform.

The counties reported as follows: Bladen.—On Credentials, J. S. Williams; on permanent organization, A. H. Hout; on platform, G. F. Melvin, Jr. Craven.—On Credentials, H. B. Perry; on permanent organization, O. R. Thomas; on platform, F. M. Simmons. Cumberland.—On Credentials, A. T. McGill; on permanent organization, A. McBride; on platform, J. S. Evans. Duplin.—On Credentials, J. F. Shine; on permanent organization, C. M. Middleton; on platform, F. M. Keathley. Harnett.—On Credentials, A. L. Byrd; on permanent organization, J. T. Dollar; on platform, A. B. Bates. Jones.—On Credentials, J. C. Parker; on permanent organization, J. C. Parker; on platform, P. M. Pearson. Moore.—On Credentials, W. E. Marchison; on permanent organization, W. E. Marchison; on platform, W. E. Marchison. Sampson.—On Credentials, W. E. Stevens; on permanent organization, F. M. White; on platform, Isham Royal. As there were contesting delegations from Onslow, there were no committees appointed from that county. The nominations were confirmed by the Convention. The committees retired. The Convention adjourned for one hour.

At 1:30 the Convention re-assembled. The Committee on Credentials had a long and stormy session. The contest was over Onslow. The committee, by a vote of 5 to 3, recommended the seating of both the Alliance and non-Alliance delegates. The non-Alliance delegates brought in a minority report, but the Convention sustained the committee by a vote of 159 to 125. The majority of the non-Alliance delegates withdrew, saying that it would not sit in a Third Party Convention.

The Committee on Permanent Organization recommended Senator J. A. Green, of Harnett, for permanent chairman. Adopted.

The Convention next went into the nomination of a candidate for Congress. Hon. A. D. McGill, of Cumberland, put Hon. B. F. Grady in nomination. It was seconded by Mr. F. M. Keathley, of Duplin. Mr. P. M. Pearson, of Jones and others, Mr. Grady was nominated by acclamation.

The Committee on Platforms reported. It was a good platform and was adopted by acclamation. An amendment to endorse the National Convention was voted down.

When the chair announced that the convention would go into the nomination of an Elector, Dr. Cyrus Thompson of Onslow, took the floor and said that a large part of the delegation would not vote for Cleveland, therefore he moved that the convention divided at this point. This was agreed to.

The Cleveland delegates nominated Mr. J. G. Shaw, of Cumberland. Mr. C. R. Thompson, of Craven, received 52 votes. Mr. F. R. Cooper 58 votes and Mr. Frank Thompson, of Onslow, 11.

The anti-Cleveland delegation held a meeting in the Courthouse and took steps to put out an elector at a future day. Fuller particulars will be given in the next issue.

How I Was Cured of So-Called Cancer.

Dear Sir—This is to certify that I was a sufferer with a place on my under lip for fourteen years, and was under treatment of different physicians, but they done me no good. I had lost hope of being cured by medical treatment. I then went to a doctor living in Florida, who treated them by art. After going to him it got well, apparently, for a while, but returned as bad as ever. I then took P. P. P. (Pocky Ash, Poke Root and Potassium), and after taking five bottles (a pint size) was cured. I also find it a good medicine to give a good appetite, and to give proper digestion. Yours, most truly, L. J. STRICKLAND.

LINTON, N. C.,—JULY 21, 1892

A CORRECT COPY.

Some persons and newspapers have been charging that the St. Louis demands of the Alliance contained a "foldier's plank," and other things that would be objectionable to many people. They have tried to prejudice people against the Alliance by such misrepresentations. The following is a correct and official copy of the St. Louis demands:

PLATFORM.

First—We demand a national currency, safe, sound and flexible, issued by the general government only, a full legal tender for all debts, public and private, and that without the use of banking corporations a just, equitable and efficient means of distribution direct to the people at a tax not to exceed 2 percent, be provided, as set forth in the sub-treasury plan of the Farmers' Alliance, or some better system; also, be payments in discharge of its obligations for public improvements.

a. We demand free and unlimited coinage of silver.

b. We demand that the amount of circulating medium be speedily increased to not less than \$50 per capita.

c. We demand a gradual income tax.

d. We believe that the money of the country should be kept as much as possible in the hands of the people, and hence we demand all National and State revenue shall be paid to the necessary expenses of the Government economically and honestly administered.

e. We demand that postal savings banks be established by the Government for the safe deposit of the earnings of the people and to facilitate exchange.

LAND.

Second—The land, including all the natural resources of wealth, is the heritage of the people and should not be monopolized for speculative purposes, and alien ownership of land should be prohibited. All land now held by railroads and other corporations in excess of their actual needs, and all lands now owned by aliens, should be reclaimed by the Government and held for actual settlers only.

TRANSPORTATION.

Third—Transportation being a means of exchange and a public necessity, the Government should own and operate the railroads in the interest of the people.

a. The telegraph and telephone, like the post office system, being a necessity for transmission of news, should be owned and operated by the Government in the interest of the people.

The above is certified to by the whole North Carolina delegates to the St. Louis Convention. The delegates were as follows: Marion Butler, J. F. Brinson, Rev. J. C. Hoover, W. C. Wilcox, E. C. Beddingfield, P. H. Massey, J. F. Johnson, A. C. Shuford, H. M. Kent, Rev. J. C. Brown.

There are people who wish to oppose the Alliance and not being able to do so fairly or meet its speakers in argument, stoop to misrepresentation and abuse.

WOMAN'S INFLUENCE.

I have always contended that woman's wits and intuitions and quick flashing judgments were superior to those of a man, and as has been noted from the earliest moment of recorded time, from the apple experience of Adam and Eve, the hair cutting operation between Delilah and Sampson, the devoted band and more especially the well beloved sisters who made the earthly path of the Saviour of his race more easy—through all the great names of later history, good or bad, the Henrys, the Napoleons, the Fredericks, the Georges, the Washingtons, even to the petty politicians of our time, woman's hand has ever been the more conspicuous and her influences dominant.—Joseph Howard.

MINGO.

Miss Naomi Lee opened school at Straw Pond, last Monday. We are very glad to have this addition to our neighborhood and feel sure the patrons of the school have shown much wisdom in securing her services as a teacher.

Crops are looking very well, our farmers have been very industrious this season.

Much interest is being manifested in the coming campaign. Mr. Jasper E. Jackson will open a school next Monday at Maple Grove. Mr. Jackson has taught here before and we feel sure he will give satisfaction to everybody.

Mr. E. R. Wilson will begin teaching at Lassiter school house next Monday. Mr. Wilson is one of our most promising young men and the people of that section have been very fortunate in securing him as a teacher. He has been quite a successful teacher, having taught at Dobbersville and other places with great satisfaction to all.

A protracted meeting will begin at Shady Grove on Saturday before the 4th Sunday in July. It will be conducted by Rev. Lundy Lee. This is a very large church, over three hundred members. This meeting is expected to be a very interesting one.

A negro plowing in Mr. Davis Williford's field plowed up fifty-six snakes in an area less than an acre. We have very fine crops up here. Nearly all corn has been laid by. Cotton is not so good as the corn. We have had plenty of rain and our farmers have been hard at work.

Mr. C. E. Ship applied for the public school in District No. 27 on last Monday.

Beaman's X Roads is on a boom. Empty houses are being filled. A. W. Bass moves in from Westbrook and settles on Rabbit street. Some of our young men are preparing to build. Mr. W. R. Vann is putting in an overshot wheel to his water mill. He will also put in a cotton gin.

Mrs. Hester Weeks is eighty-seven years old and is able to work in her garden.

Mr. Needam Warren owns a water mill at which he has the regular miller for over sixty years.

Despite the rain, crops are looking fine in this community. Rev. D. W. Tew is teaching the public school at Hickory Grove.

On Saturday, the 16th, Mr. W. H. Pope lost a yearling, and Frank Nailor ten head of hogs, all killed by lightning.

Rev. Mr. Usrey is conducting a protracted meeting at Mt. Moriah.

WESTBROOK'S.

A little five year old child of Sallie T. Strickland was shot last Saturday by Wm. Henry Gainey, a white ex-convict. He claims it to be accidental. He was cleaning his pistol and it fired off, the ball striking the child's stomach and passed clean through its body.

TAYLOR'S BRIDGE.

Our people regret that you have suspended the publication of Tom Dixon's sermons. We love him for his nativity and his manhood, and we are anxious to know what he has to say to the world.

There is a lady down here 65 years old who has never been to Clinton, never been in a store, never seen a locomotive or railroad, or steamboat, and she is the happiest woman we know.

The new reformation is moving on with resistless power down here and there are few deserters from the demands of the people. The best battle-axe of the Demo-Republican hero worshippers is riding—bitter as "purcon root." Their ranks are tottering under the moral pressure upon sham issues, and we hear "wailing and gnashing of teeth" already. Reformers hold your grip. "The truth shall make you free."

Rev. W. E. Crocker, D. D., of Clinton, S. C., is preaching a series of sermons at Mt. Gilead this week. Mr. Crocker attracts large crowds and his ability and earnestness evokes their praise.

A maid in this township has knit a bushel basket full of half hoes, evidently for her prospective spouse. The hoes have not been finished at the toe for the obvious reason that she didn't know how long his foot would be.

Boys remember this old maid grey, As she goes soaring, wasting on her way, And never a whit abashed or dismayed, Bout the mysterious way she's made.

Leap year she spends in making pretty frocks, And all the rest in knitting woolen socks.

Many rustic charms her hands have wrought, Who's to lead her in the way she long hath sought?

TURKEY.

After a long silence South Turkey speaks again. Friday, the 8th of July, was a day of festivity and mirth to the good people of this section. A grand picnic was held at New Hope Academy by the youth and beauty of the neighborhood. Everything was furnished, said and done to render the occasion one of joy. Plentiful and delicious ice lemonade was enjoyed by all, and when called to dinner we were reminded of the plentiful days of old. The table was loaded with everything required to satisfy the delicate appetite of the most fastidious. Fun was the order of the day with the little folks, and the neighborhood clown yielded his bits of drollery, which were greeted by peal after peal of laughter. The neighborhood minstrel was there and picked the banjo and sang. Duplin flowers were there, among whom was the aimable and beautiful belle of Magnolia. At twilight the picnic adjourned and assembled in smaller parties in the vicinity and kept up the merry making until the wee sma' hours of the night.

The recent rains have greatly swollen our streams. Marable's mill was washed away by the floods on Saturday night. It is a complete wreck, the entire structure being swept away, entailing a heavy loss upon the owners and considerable inconvenience to the vicinity, which has had its grinding done there.

FRANKLIN.

Mr. Josephus Alderman has quite a curiosity in shape of some very old azers, which belonged to his grand-father. They are over one hundred years old. They are nothing like our present improved azers.

Crops are very good in this township, although the extreme wet weather has greatly damaged them, especially corn and cotton.

Miss Mollie Eason, now of Oxford, N. C., is home again in this township, visiting her mother and family, after an absence of three years. We wish her a pleasant stay among us.

Misses Mittie Monroe and Meads Stewart, of Wilmington, who have been visiting Miss Sarah Melvin, have returned after a pleasant stay. EOL.

MC DANIEL'S.

Well, Mr. Editor, our crops have been looking fine, but the wet weather is hurting them. All the little branches and the creeks are overflowed. If the rain don't hold up the farmers in this section will fall short.

Mr. J. O. Culbreth and wife are visiting his father, Mr. J. D. O. Culbreth.

Politics is raging over here, worse than any other disease. We have some men that are carried away with political matters. This Third party that has been organized is a mystery to some men in this section. If it will do our country any good we are all for it.

SAM.

There are in London over ten thousand women "connected with the press."

A distinguished divine once said: "But for the interest and devotion of the women of our churches, one-half of the churches would die the first year; and the other half the second."

It is said that in Harlem, the New York suburb, women who go to stores with babies get their checked and do their shopping in comfort. A boy gives a check for the baby and amuses the youngster while its mother does her shopping.

Only forty-four women have been decorated with the blue cross of the Legion of Honor. About the youngest is Juliette Doda, a creole, and the cause was an act of bravery during the Franco-Prussian war.

The women who undertook to raise \$100,000 to secure for their sex admission to the Johns Hopkins Medical School completed their work in eight weeks. This secures to women an advanced medical course equal to any in the United States.

A GOSSIP'S VIEW.

Mrs. Prye—"Dear me, Mrs. Blunt, how is it you continue to hold your age so well? I declare you look as young as you did twenty years ago."

Mrs. Blunt—"I don't know, unless it is that I escape a great deal of care by attending to nobody's business but my own. Mrs. Prye—Yes, that may be it; but, poor thing, you can find much pleasure in living, can you?"—Boston Transcript.

It should be in Every House.

J. B. Wilson, 371 Clay St., Sharpburg, Pa., says he will not be without Dr. King's New Discovery for Consumption, Coughs and Colds, that it cured his wife who was threatened with Pneumonia after an attack of "La Grippe," when various other remedies and several physicians had done her no good. Robert Barber, of Cookport, Pa., claims Dr. King's New Discovery has done him more good than anything he ever used for Lung Trouble. Nothing like it. Try it. Free Trial Bottles at Dr. R. H. Holliday's drugstore, Clinton, N. C., John R. Smith's drugstore, Mount Olive, N. C. Large bottles 50 cents and \$1.00.

TWO SIDES OF MATRIMONY.

Said an unmarried friend, as we watched the careful attention with which a young lover wrapped a light cloak around the form of his sweetheart, every look and gesture showing the service to be a delight, "I should like to know how many men ten years married would, unasked, assist their wives to adjust their wraps."

I made no reply to my cynical friend, but when a few minutes later we heard the pretty sweetheart say, "Thank you for the lovely evening; the music has been an inspiration," I smiled wickedly and asked, "How many wives ten years married show their appreciation of an evening of pleasure in that way?"

The craving of a woman's heart for loving attention is as natural as the need of a rose for rain and sunshine. Yet let it be remembered that as a rose, although still a rose, would lose half its beauty without its perfume, so a wife, be she never so dutiful and cumbered about much serving, has lost half her loveliness if she has laid away her manners with her wedding gown.—Ladies' Home Journal.

SMILES AND LAUGHTER.

Flossie is six years old. "Mamma," she asked one day, "if I get married will I have a husband like pa?"

"Yes," replied the mother, with an amused smile. "And if I don't get married will I have to be an old maid like aunt Jane?"

"Yes," "Mamma"—after a pause—it's a tough world for us women, ain't it?"

A Boston cynic asks in the Transcript: "What is love?" And this is his frivolous answer: "Two heads with but a single thought, two fools that act like one." Bless their hearts any how.

Some people wouldn't get so tired on Sundays if they would do more work for the Lord during the week.—Bam's Horn.

WOMAN'S SPHERE.

If girls keep on, at some near date—We cannot tell just when or how—We would not be surprised to hear That "a" sp's pants sit sister now."

"Many talk about woman's sphere As though it had a limit. There's not a place There's not a task to mankind given, There's not a blessing or a woe, There's not a whisper yes or no, There's not a life, a death, or birth, That has a feather's weight of worth, Without a woman's life."

HOW TO MANAGE A WIFE.

There are few better known or more popular clergymen in New York City than the Rev. Charles F. Deems, pastor of the Church of the Strangers. Dr. Deems is the author of a dozen or more ecclesiastical works, including "The Lights of the Nations," "Weights and Wings," and "The Home Altar," but perhaps when it was announced last week that he has gained additional fame and a \$20 gold piece by winning a contest for a prize essay, he was more pleased than he has been for a long time.

Several months ago \$20 in gold was offered for the best article on "How to Manage a Wife," and the decision was left to Mrs. Laura A. Palmer, wife of the well-known theatrical manager, Mrs. Palmer announced, in her opinion, the author of the following was entitled to the reward:

Manage! what is that! Does it mean to control? We manage a horse. We use our superior human intellect to control and guide his superior physical strength, so as to obtain the best results. But a wife is not a horse. When two persons are well married the wife is superior to the husband in as many respects as he is to her in others. If happiness is to be the result of the union, the first business of the husband is to manage himself, always his wife's respectful friend, always her equal partner, always her superior protector. This will necessarily stimulate the wife to be always an affectionate sweetheart, always a thrifty housewife, always a confiding ward. And this will so react upon the husband that his love for his wife will grow so as to make it easy for the husband, with all his faults, to bear with all the infirmities of his "one and only" wife.

A JOINER. And Dr. Deems was discovered to be the author.

POLK MEMORIAL AND RELIEF ASSOCIATION, ORGANIZED JUNE 23D, '92.

A Monument to the Great Leader by His Admirers and Friends.

A mass meeting was held in the city of Raleigh, N. C., June 23d, 1892, for the purpose of organizing a Polk Memorial and Relief Association. The meeting was called to order by Mr. Marion Butler, President of the State Alliance, and J. J. Dunn was requested to act as secretary. On motion of J. J. Dunn the body proceeded to organize the Polk Memorial and Relief Association with the following plan:
